To Whom It May Concern:

I recently hired Ewa Mataya Laurance as entertainment for a trade show for one of my largest clients, GE Electromaterials.

Ewa was fantastic. She was very professional at all times, yet fun and entertaining to the utmost. She did exhibitions every thirty minutes throughout two days of the show and there was always a crowd at the booth during her performances. On several occasions, we had people come to the booth and wait for her next exhibition because they had "heard" about her throughout the show.

Our goal was to draw a crowd to the booth so that my client could sell their product. Ewa certainly helped us accomplish that goal.

From an agency viewpoint of making arrangements and handling the details of her contract, she was very amiable and easy to work with.

In conclusion, I would recommend Ewa as professional entertainment without a doubt. She handles a crowd very well. She is beautiful and charming, along with being an excellent pool player.

Sincerely,

Laura J. Cox
Account Executive
